TMS MOBILE DIRECTORY

Hello TMS Parents,

We have received many emails and questions regarding the on-line directory. This E-Mail is to set aside some misconceptions and answer those questions.

First, as a non-for profit organization, we need all dues to run many school events and provide many supplies to the classrooms and students. That being said, dues are NOT required in order to access the directory.

Second, many parents rely on the directory as a complete list of the grade when planning events. Please do not do so. At this point in time, the names in the directory do not reflect all the kids in each grade.

Third, do not fear, this can be easily rectified. A fraction of the families entered in the directory have not yet registered for the directory. To these families, MobileArq, the directory service provider, will send an email with an auto-login link to access their account in the directory. Please verify and/or update your contact information in the directory. As always, you can choose to display all, some or none of your family information in the directory. To ensure that you receive email/auto-login link from MobileArq in your Inbox and not your spam folder, please 'whitelist' support@mobilearq.com with your email server. The auto-login link will be sent to the non-registered families.

Finally, starting this year onward, the present fifth grade students will automatically be enrolled in the online directory and once your child is enrolled, they will be rolled over to the next year.

Thank you for taking the time to read this email and we hope it has clarified many questions we have been receiving.
